

Ms Angel:

My name is Luke Sintel and I own and run an Independent professional wrestling federation called Universal Wrestling Federation (UWF).

We run our shows the first Saturday of each month for someone that needs a bit more help with certain little problems whatever they may be. Well recent we held one in your name. Everyone at the show was informed of your unprovoked attack and your current situation.

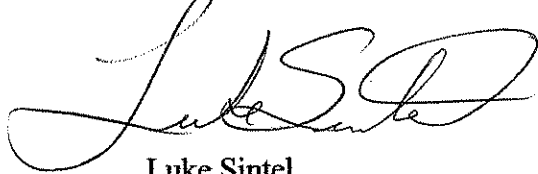

There was tears and anger within the crowd and the wrestlers but I'd have to say more on my part than from the others, I just get too close to the need at hand, but that can be a good and bad thing for me.

I have a daughter who will be 31 years old this year and would do anything in the world for her, such as your folks are doing also. But here to say, and I speak for all the wrestlers in the UWF and their fans, we would and will do whatever we can for you.

Enclosed you will find ALL the funds that we raised in your name; I hope they will help in some way in your healing.

Please except these funds and know that we are only a phone call away. We pray for your healing and that justice will be served in the name of Angel, for us you are a fighter and one of Gods angels here on Earth. You are now and forever part of the UWF family.

Peace
